

Locks

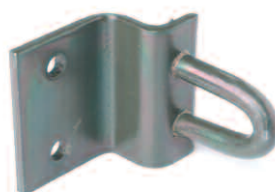

In order to support our product literature on the Fortress and Heritage Range Feeder Pillars, we are able to bring you specific information on the locks available within these ranges.

Each pillar has standard locks available but Lucy Lighting also offers the ability to have alternative or additional locks for extra security measures.

Tri Head / 'O' Lock

The Tri-Head Lock is our standard on our steel Mini and Single Door Pillars. The 'O' Lock is an alternative for the Tri-Head Lock.

Hasp and Staple Padlock

This is an optional extra for the Single and Double Door Fortress Range Feeder Pillars.

Fortress Range Wedglock

This is the standard lock for Steel Feeder Pillars.

Cast Iron Heritage Range Wedglock

This is our standard lock for the Heritage Range.

Yale Lock

This is an optional extra for the Fortress and Heritage Range.

Bar Lock

This is an optional extra for the Heritage Range Feeder Pillar.

Examples of anti-vandal locks available from Lucy Lighting

Anti-Vandal Locks

Lucy Lighting are also able to offer you a number of anti-vandal locks available to fit our Fortress and Heritage Range Feeder Pillars. Please refer to our Sales Office in order to ensure your specific requirements are fulfilled.
